## I. REPORT

B. INTRODUCTION

The purpose of this report is to present conceptual plans and cost estimates for construction of waterlines in the proposed Water District Number 5 in the Town of Alden, Erie County, New York. The map included with this report indicates the service area within the Town of Alden together with a plan showing the probable locations and sizes of the proposed waterlines. This Map, Plan and Report is not intended to be a comprehensive engineering report, but rather a conceptual plan for determining the financial cost of providing water facilities to the area encompassed by Water District Number 5. Appendix A contains the Alden Town Board resolutions authorizing the preparation of this report.

B. RECOMMENDATIONS

It is recommended that the Town Board hold the necessary Public Hearing on the proposal for this Water District as delineated on the attached map and plan. The recommended amount to be set as the maximum expenditure is \$10,556,625. for this District. It is also recommended that the Town Board proceed with the SEQR requirements necessary to form a new Water District.

C. EXISTING CONDITIONS

Presently, the Town of Alden (outside of the Village) has four major existing water districts. Water District Number 1 provides water service to the residents along Town Line Road by way of waterlines predominately in the Town of Lancaster. The Hamlet of Millgrove is

served by Water District Number 2. Water District Number 3 (including its one extension) provides water service to the majority of the southwestern portion of the Town of Alden. Water District Number 4 provides water service to various locations west of the Village of Alden. All four of these districts receive their water from Erie County Water Authority. The Village of Alden provides their own water service, independent of the Town, to the Village residents. Minor water districts, limited service from the Village of Alden, and direct service through the Erie County Water Authority also provide potable water to some isolated areas within the town.

As part of the preliminary work for determining the boundaries of the proposed district, the Town of Alden conducted a survey of the residents outside of the existing water districts. The survey consisted of a postcard sent to the residents, with the postcards being returned to the Town Hall for processing. The results of the survey were evaluated and tabulated by a water committee. A summary of the committee's findings were distributed to the Alden Town Board in the fall of 2001 and these findings were also presented as Appendix B of this report.

#### D. SERVICE AREA

Based on an analysis of the postcard survey and with consideration for cost in the service area, the district boundaries were established. Also considered in establishing these boundaries were the present zoning, the Town Master Plan, population distributions, and the existing agricultural districts. Over the past few years conditions have changed such that there are more and more residents not currently served by public water asking to be included in the proposed

water district. The proposed district limits were recently reevaluated by the Town Board and a decision was made to amend the district limits to include all remaining areas of the town outside of the limits of the Village that are currently unserved by public water. The proposed district boundaries in the form of a Map are diagramed on Exhibit A (found at the end of this report). Due to the geometry of the existing water districts, the proposed district is composed of eight non-contiguous areas. A legal description of these eight areas is found in Appendix C of this report. Where applicable and wherever possible, the boundaries of this proposed district match the existing water districts, and/or follow existing property lines.

The roads listed in Table One are to receive water service by way of this district. All of these roads are encompassed within the proposed district.

Presently, the majority of the residents in the proposed water district obtain their water from private individual wells and/or by bottled water. At the present time, there are 661 potential new users within the service area of the proposed district.

It should be noted that there is one property within this district that presently receives water as an out-of-district user from the Town of Marilla. The resident who receives water by contract with the Town of Marilla as an out-of-district user will be assessed at the new rates from Water District Number 5 once it is created.

TABLE ONE

LIST OF ROADS IN WATER DISTRICT NUMBER 5

1. Kieffer Road
2. Three Rod Road from the town line north to Cary Road, and from Cayuga Creek to the southerly limits of Water District No. 4
3. Cayuga Creek Road from the town line north to Three Rod Road
4. Old Three Rod Road
5. Exchange Street
6. Henskee Road
7. Sullivan Road from the town line north to #976 Sullivan Road
8. County Line Road
9. Broadway from the town line west to the Village line
10. Town Line Road from Schlemmer Road to Ellicott Creek
11. Zoeller Road
12. Genesee Street from Reinhardt Road to the easterly town line
13. Crittenden Road
14. Uebelhoer Road
15. Rundel Road
16. North Road from Peter=s Corners Road to the easterly town line
17. South Newstead Road
18. Balance of Cary Road currently unserved
19. Old Crittenden Road

E. PROPOSED IMPROVEMENTS, COSTS AND SUPPLY OF WATER

As part of the District's capital costs, 8-inch waterlines will be constructed along the majority of the streets listed in Table One. The balance will be 12 inches in diameter as shown on the plan. The probable location of these lines is also diagramed on Exhibit B. Fire hydrants and line valves will be located along these lines at appropriate intervals. Table Two lists the approximate length of waterlines and the estimated number of fire hydrants for each section of road. Wherever possible, it is anticipated that the waterline and facilities will be constructed in the County, Town or State rights-of-way to avoid damage to private property. The proposed improvements do not cross any New York State Department of Environmental Conservation (NYSDEC) wetlands.

Extension of the waterlines as proposed would include a crossing of the railroad tracks on Crittenden Road just south of Genesee Street and the railroad tracks on County Line Road just south of Broadway. Separate costs have been included for these crossings.

The majority of the waterline extensions would be served directly out of other Town of Alden waterlines leased/managed by the Erie County Water Authority (ECWA). However, waterline extensions in the southeast portion of the Town would be served off existing and proposed waterlines in the Town of Marilla. The Town of Marilla is served through the Town of Alden along Two Rod Road. Ground elevations in the Town of Marilla and the southeast section of the Town of Alden are relatively high in comparison to the balance of the Town of Alden. For that reason the Town of Marilla must boost pressures in their system through the use of an elevated storage tank which is owned mostly by the Town of Marilla and partly by the

Town of Bennington and the Erie County Water Authority. The upper 7' of this tank, which is currently unused, is owned by the Erie County Water Authority. The Town of Alden would need to purchase a portion of that tank capacity, working through the Town of Marilla, to serve the southeast portion of the Town of Alden. Depending upon how much of the tank is needed, the cost could be upwards of \$50,000.

Even with the tank capacity, it has been concluded that water pressures in the Marilla system would be marginally suited to serve the southeast portion of Alden. Therefore, it is proposed that a short section of the Town of Marilla proposed waterline extension on Clinton Street and the proposed section of waterline on Exchange Street to the Alden town line be upgraded to 12" in diameter to help increase system pressures at the connection point at the town line. The cost to upgrade this waterline needed to serve the Town of Alden would be paid under the proposed Alden Water District Number 5.

As noted above, the extension of water service into the southeast portion of the Town of Alden is contingent upon the Town of Marilla moving forward with their proposed water district. The Town of Alden and Town of Marilla are working toward a joint application for federal and state funding to assist in both districts. Should, for whatever reason, the Town of Marilla not move forward with their proposed water district, then it may not be possible to reasonably serve the southeast portion of the Town of Alden.

Using an average cost of \$53.50 per linear foot and the following incidental costs, the estimated construction cost for this project is approximately \$8,445,300. The estimated average cost of \$53.50 per liner foot is based on the present economic conditions, and reflect the recent

tendencies in municipal bidding. These prices may be low or high if the economy changes either way. This cost figure is a preliminary estimate and is presented only as an indication of what the Town may expect to pay for the services of local contractors, if the project moves forward expeditiously. No allowance has been made in the per foot price for legal, administrative, engineering or contingency costs.

139,800 lf x \$53.50/lf + 19,900' size upgrade @ \$10/LF	= 7,678,300.
Railroad & Ellicott & Cayuga Creek Crossings 3300' @ \$200/lf =	660,000.
Purchase of 7' of capacity in Marilla Water Tank	= 50,000.
Upgrade of Marilla waterline to 12". 5700 lf @ \$10.00/lf	= <u>57,000.</u>
Total Cost	8,445,300.

During the final design phase, the Erie County Water Authority (ECWA) may request the Town to increase the diameter of some of the 8-inch waterlines. In such a case, ECWA would fund the difference in cost to upsize these lines. For the purposes of this document, we have used the full cost of 8-inch waterlines for all proposed construction, except for areas requiring 12" waterlines to provide adequate service.

<p><b>TABLE TWO</b></p> <p><b>PROPOSED IMPROVEMENTS</b></p> <p><b>WATER DISTRICT NUMBER 5</b></p>			
<u>No.</u>	<u>Street Name</u>	<u>Approximate Length of 8" and 12" Waterline</u>	<u>Approximate Number of Fire Hydrants</u>
1	Kieffer Road	5400.	11
2	Three Rod Road	6200.	12
3	Old Three Rod Road	1100.	2
4	Cayuga Creek Road	5900.	12
5	Exchange Street	6500.	13
6	Henskee Road	8700.	18
7	Sullivan Road	7900.	15
8	County Line Road	24,800.	50
9	Broadway	3800.	8
10	Town Line Road	900.	2
11	Zoeller Road	4300.	9
12	Genesee Street	17,000.	34
13	Crittenden Road	17,500.	35
14	Uebelhoer	4500.	8
15	Rundel Road	2700.	6
16	Cary Road	4800.	10
17	Old Crittenden Road	1200.	2
18	North Road	12,200.	24
19	South Newstead Road	4500.	9

Except as noted above, for all of Water District Number 5, the water will be supplied through the extensive ECWA system. ECWA constructed, in the mid-1980's, a 1.5 million gallon water storage tank within a five-mile radius of all portions of this project, not being served by the Town of Marilla.

F. FINANCING

One possible method of raising funds to construct and operate the proposed Water District Number 5 is presented in this section, including costs for a typical homeowner. Also included are the typical non-district costs to the residents.

In preparation of the computations shown in this section, it has been assumed that the Town, as agents for the district, will bond the capital costs of the water improvements over a 38-year period. Typically, the Town will roll over bond anticipation notes (BANS) during design, construction and restoration phases of the project, before establishing permanent financing. It is the standard practice not to proceed with permanent financing until all the district costs are finalized, which would be after restoration is complete. Based on the magnitude of this project and the present bond market, it would seem likely that the Alden Water District Number 5 may be in BANS for up to four years. The annual bond rate of 4-1/8 percent for a 38-year permanent bond period was used in this report to calculate the payoff of the capital expenditures for the district.

A reduction was made in the total assessed value and frontage to account for the qualifying farm properties in the district, that are also in existing Agricultural Districts. The

frontage for these farms was based on a maximum of 150 feet, while the assessed value was calculated based on value of a one-half acre lot surrounding the farm house.

The yearly operation and maintenance cost for the system is not considered in the yearly cost to the residents of the district. This is because the ECWA has entered into Lease-Management Agreements with various towns (including the existing Town of Alden Water Districts) which they serve and it is assumed that the Town of Alden will enter into the same type agreement with the ECWA. Under the standard agreement, the ECWA will provide the operating administration for the district and be responsible for normal maintenance and billing. This is paid for under the individual water use rates. Appendix D contains a sample ECWA standard Lease-Management Agreement. However, the yearly maintenance cost of all fire hydrants along the proposed Town of Alden waterlines will also be funded by the Water District and is included as a yearly cost.

## VII. DISTRICT COSTS

District charges are collected by the Town of Alden through special assessments and are based on a combination of unit charge, frontage and ad valorem charges.

The following is one possible method of raising the yearly payment necessary to retire the bonds for the proposed project. This is based on estimated first year cost and revenue including a combination of unit charge, front footage charge and an ad valorem charge.

The first year cost is used because it is generally the largest cost, based on a typical bond schedule.

CAPITAL COSTS

Estimated Construction Cost of Town Water Facilities of Table Two	
139,800 Linear Feet of 8-inch & 12- inch Waterline	\$8,445,300.
Estimated Engineering, Surveying, Inspection, Legal,	
Grant work, Accounting, Permitting, Administrative,	
Printing and Bidding Costs and Contingencies	<u>2,111,325.</u>
 TOTAL ESTIMATED CAPITAL COSTS	 \$10,556,625.

YEARLY COSTS

Estimated First Year Bond Payments  
Based on Total Capital Costs  
Number of Years: 38  
Interest Rate: 4-1/8% \$ 552,290.

Payment to Erie County Water Authority for Fire  
Hydrants (approximate)  
Based on 280 hydrants on Water Main  
@ \$160.80/year 45,024.

TOTAL ESTIMATED YEARLY COSTS \$ 597,314.

REVENUE:

The following information was supplied by the Town Assessor for the proposed district as extended (see Appendix E):

Total Number of Parcels		661
Total Frontage in Water District corrected for Agricultural Districts and Publicly Exempt Parcels:		
Total Frontage for 1 ft. to 100 ft.	64,129 lf	
Total Frontage for 100 ft. to 200 ft.	47,762 lf	
Total Frontage over 200 ft.	80,097 lf	
Total Frontage		191,988 lf
Total Assessed Value for District corrected for qualifying farms in the Agricultural Districts and publicly exempt parcels		\$41,097,722.
	<u>Assessed Value</u>	<u>Frontage</u>
Average assessed value and frontage for a typical property owner in Water District Number 5	\$62,175.	291 lf

Assuming revenues are split between unit charge, ad valorem and frontage for the first year, the following is an example of a tax structure. The final tax structure will be dependent on final costs, and will be adjusted through the life of the bond.

<u>Item</u>	<u>Charge</u>	<u>Quantity</u>	<u>Revenue</u>
Unit charge	\$200/unit	661	\$132,200.00
Ad Valorem	\$8.007913/1,000	41,097,722.	\$329,106.98
	AV		
Footage			
First 100 feet	\$1.25/foot	64,129 feet	\$ 80,161.25
Second 100 feet	\$0.75/foot	47,762 feet	\$ 35,821.50
Over 200 feet	\$0.25/foot	80,097 feet	<u>\$ 20,024.25</u>
TOTAL YEARLY			\$597,313.98
REVENUE			

EXAMPLE OF TYPICAL DISTRICT CHARGES:

	<u>Typical Resident</u>
Based on Assumed Average Values:	
Assessment	\$ 62,175.
Frontage	291 lf

Taxes:

Unit Charge (1 unit at \$200/unit)	\$ 200.
Ad Valorem (\$8.007913/\$1,000 AV) x \$62,175.	\$ 497.89
Frontage:	
First 100 feet at \$1.25/lf	\$ 125.
Next 100 feet at \$0.75/lf	\$ 75.
Next 91 feet at \$.25/lf	<u>\$ 22.75</u>
Total First Year Taxes	\$ 920.64

VIII. NON-DISTRICT COSTS

Non-district charges are collected directly by ECWA based on water consumption. They are set by ECWA for their entire service area, and are not controlled by the Water District.

These non-district charges are presented here as information only.

WATER USE:

Present Water Rates for Erie County Water Authority (effective per the January 1, 2008,

Tariff) Amendments:

\$2.86/1,000 gallons for first	300,000 gallons/quarter
\$2.54/1,000 gallons for next	1,950,000 gallons/quarter
\$2.33/1,000 gallons for next	5,250,000 gallons/quarter
\$2.05/1,000 gallons for over	7,500,000 gallons/quarter

EXAMPLES OF TYPICAL NON-DISTRICT CHARGES:

	<u>Typical Residence</u>
Approximate Yearly Water Bill*	\$230.

\*This value represents the current average residential water user cost as per ECWA.

In addition to water use, there are two additional (one-time only) non-district charges to connect the residential water system to the Town of Alden waterline in the right-of-way. First there is a one-time connection charge paid directly by the resident to the town to connect the public waterline to the resident=s private service at the right-of-way. This cost would be determinated at the time of bid of the waterline=s installation and would be paid by the resident at the time of hook-up to the town waterline. This one-time charge is currently estimated to be \$900. The second expense is to construct a service line from the structure to the edge of the right-of-way. This cost is highly variable and will be dependent upon factors such as the distance between the homeowner=s house and the right-of-way.

IX. SUMMARY

	<u>First-Year Annual Costs for Typical Resident</u>
Expenditures:	
District Charges (taxes)	\$ 920.64
Non-District Charges (water use)	<u>230.</u>
Total Annual Expenditure	\$1,150.64

POTENTIAL SAVINGS:

The following are items which some of the residents may realize if they connect into the public water provided by Water District Number 5:

1. Reduced electrical costs for well water pumping.
2. Reduced maintenance costs on wells, pumps and tanks.
3. Potential reduction in homeowners insurance or fire insurance.
4. Potential reduction of purchase, maintenance and operations costs for water treatment units.
5. Longer life of bathroom fixtures, valves and hot water tanks.
6. Elimination of bottled water use.

CONCLUSION:

When Water District Number 3 was created in 1985, 27% of the people stated their water quality was poor. It is believed that this percentage is as high or higher for District Number 5. Since the district cost is reasonable, we recommend the Town proceed with this proposed district. To accomplish this, the Town should initiate the SEQR process and call for a public hearing.

APPENDIX A.

TOWN BOARD RESOLUTION

RESOLUTION OF THE TOWN BOARD  
APPROPRIATING \$2,000.00 FOR THE  
PREPARATION OF A GENERAL MAP,  
PLAN AND REPORT TO PROVIDE WATER FACILITIES

WHEREAS, the Town Board is considering the establishment of a new Water District No. 5, in the portions of the Town of Alden, outside the boundaries of any existing water districts of the Town and outside of any incorporated Villages; and

WHEREAS, the Town Board prior to going forward with the establishment has determined that it is necessary to have a general map and plan prepared in advance of the establishment of the proposed Water District No. 5.

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

1. That the Town Board does hereby authorize the appropriation of the sum of \$2,000.00 from the Shared Municipal Services Grant monies already received by the Town to provide for the cost of preparation of a map and plan by Metzger Civil Engineers, the Town Engineers, in accordance with the requirements of Section 192 of the Town Law.

2. The above Resolution was duly put to a roll call vote on April 21, 2008, the results of which are as follows:

Councilperson Riddoch	AYE NAY
Councilperson Weber	AYE NAY
Supervisor Smith	AYE NAY
Councilperson Snyder	AYE NAY
Councilperson Cooke	AYE NAY

APPENDIX C.

WATER DISTRICT LEGAL DESCRIPTION

TOWN OF ALDEN WATER DISTRICT 5  
Area 1

ALL THAT TRACT OR PARCEL OF LAND situate in the Town of Alden, County of Erie and State of New York, being part of Lots 20,21,22,23,24,25,26,27,66,67,68,69,70,71,72,73,74, and 113 of Township 10, Range 5 of the Holland Land Company's Survey, and Lots 1,2,3,4,5,6,7,8,9,10,13,14,15,16,19,20,21,22,27,28,33, and 34 of Township 11, Range 5 of the Holland Land Company's Survey bounded and described as follows:

BEGINNING AT THE POINT of intersection of the east line of the Town of Alden, being the west line of the Town of Darien with the south line of the Town of Alden, being the north line of the Town of Bennington; thence westerly along the south line of the Town of Alden and the north line of the Town of Bennington to the east line of the Town of Marilla; thence northerly along the west line of the Town of Alden and the east line of the Town of Marilla to the south line of the Town of Alden, being the north line of the Town of Marilla; thence westerly along the south line of the Town of Alden and the north line of the Town of Marilla to the west line of Liber 9856, page 212 being also the easterly line of Alden Water District 4, area 2; thence northerly along the west line of Liber 9856, page 212 and the east line of Alden Water District 4, area 2 to the northwest corner of Liber 9856, page 212; thence easterly along the north line of Liber 9856, page 212 to the westerly line of Liber 8041, page 151; thence northerly along the west line of Liber 8041, page 151 to the northwest corner of Liber 8041, page 151 and the southwest corner of Mapcover 2386; thence northerly along the west line of Mapcover 2386 to the north line of Lot 74 and the northwest corner of said mapcover, being also the southerly line of Alden Water District 4, Area 2; thence easterly along the northerly line of Mapcover 2386 and the southerly line of Alden Water District 4, Area 2 to the westerly line of Liber 8101, page 3; thence northerly along the west line of Liber 8101, page 3 and the northerly extension of Liber 8101, page 3 and along the easterly line of Alden Water District 4, Area 2 to the southerly line of Liber 7082, page 509; thence easterly along the southerly line of Liber 7082, page 509 and the southerly line of Alden Water District 4, Area 2 to the centerline of Three Rod Road; thence northwesterly along the centerline of Three Rod Road to its intersection with the southerly line of Liber 10959, page 8761; thence westerly along the southerly line of Liber 10959, page 8761 to the southwest corner of said Liber 10959, page 8761, thence northerly along the west line of Liber 10959, page 8761 to the south line of Liber 9499, page 63; thence westerly along the south line of Liber 9499, page 63 to a southwest corner therein; thence northerly along a west line in Liber 9499, page 63 to an angle point therein; thence westerly along the south line of Liber 9499, page 63 to the southwest corner thereof; thence northerly along the west line of Liber 9499, page 63 to the northwest corner of said Liber 9499, page 63; thence easterly along the north line of Liber 9499, page 63 to the west line of Liber 10930, page 1862; thence northerly along the west line of Liber 10930, page 1862 to the centerline of Cary Road; thence northerly to the southeast corner of Liber 9315, page 169; thence northerly along the east line of Liber 9315, page 169 to the northeast corner thereof being also the south line of Liber 11112, page 5649; thence westerly along the south line of Liber 11112, page 5649 and along the north lines of Liber 9315, page 169, Liber 7246, page 393, Liber 10919, page 3708, Liber 11038, page 2078 to the northwest corner of Liber 11038, page 2078; thence southerly along the west line of Liber 11038, page 2078 and the east line of Liber 11112, page 5649 to the centerline of Cary Road; thence west along the center of Cary Road to the west line of Liber 11112, page 5649; thence northerly along

the west line of Liber 11112, page 5649 and Liber 10548, page 53 to the northwest corner of Liber 10548, page 53; thence east along the north line of Liber 10548, page 53 to the centerline of Three Rod Road; thence northwesterly along the centerline of Three Rod Road to the south line of Liber 10936, page 7963, thence easterly along the south line of Liber 10936, page 7963 to the southeast corner thereof; thence north along the east line of Liber 10936, page 7963 to the north line of Lot 70, of Township 10, Range 5; thence east along the north line of Lot 70, Township 10, Range 5 and the north line of Lot 69 of Township 10, Range 5 to the southwest corner of the Village of Alden; thence easterly along the south line of the Village of Alden to an angle point therein; thence northerly along the east line of the Village of Alden to an angle point therein; thence easterly along the south line of the Village of Alden to the southeast corner thereof; thence continuing easterly along the north line of Liber 10941, page 6893 and Liber 11013, page 6176 to the westerly line of Liber 11049, page 7135; thence northerly along the west lines of Liber 11049, page 7135, Liber 11115, page 9798, Liber 10895, page 5789, and Liber 9276, page 604 to the southerly line of Conrail; thence southwesterly along the southerly line of Conrail to its intersection with the southerly extension of the west line of Liber 11102, page 4142; thence northerly along the west lines of Liber 11102, page 4142, Liber 9739, page 546 and a portion of the west line of Liber 8724, page 317 to the south line of Liber 10371, page 457; thence west, north and west along the southerly line of Liber 10371, page 457 to the east line of the Village of Alden; thence northerly along the east line of the Village of Alden to the south line of Liber 10920, page 8962; thence easterly along the south line of Liber 10920, page 8962 to the southeast corner thereof; thence northerly along the east line of Liber 10920, page 8962 to the centerline of Broadway; thence westerly along the centerline of Broadway to the east line of the Village of Alden; thence northerly along the east line of the Village of Alden to the northeast corner thereof; thence westerly along the north line of the Village of Alden to the northwest corner thereof; thence northerly along the westerly line of Liber 11132, page 971 and the easterly line of Alden Water District 4, Area 1 to the intersection of the centerlines of North Road and Peters Corners Road; thence northerly along the centerline of Peters Corners Road and the east line of Alden Water District 4, Area 1 to its intersection with the centerline of Rundel Road; thence easterly along the centerline of Rundel Road and the southerly line of Alden Water District 4, Area 1 to its intersection with the southerly extension of the east line of Mapcover 2336; thence northerly along the east lines of Mapcover 2336 and Mapcover 2313 and the east line of Alden Water District 4, Area 1 to the north line of Liber 8856, page 362; thence east along the north line of Liber 8856, page 362 and the south line of the Alden Water District 4, Area 1 to the west line of Liber 3373, page 549; thence north along the west line of Liber 3373, page 549 and the east line of Alden Water District 4, Area 1 to the north line of the Lehigh Valley Railroad; thence east and north along the northerly line of the Lehigh Valley Railroad and the southerly line of Alden Water District 4, Area 1 to the south line of Liber 6984, page 373; thence east along the south line of Liber 6984, page 373 and the southerly line of Alden Water District 4, Area 1 to the southeast corner of Liber 6984, page 373; thence northerly along the east line of Liber 6984, page 373 and the east line of Alden Water District 4, Area 1 to the south line of Liber 10925, page 3448; thence west along the south line of Liber 10925, page 3448 and the northerly line of Alden Water District 4, Area 1 to the southwest corner of Liber 10925, page 3448; thence north along the west line of Liber 10925, page 3448 and the east line of Alden Water District 4, Area 1 to the south line of Conrail; thence southwesterly along the southerly line of Conrail and the northerly line of Alden Water District 4, Area 1 to the centerline of Peters Corners Road; thence northerly along the centerline of Peters Corners Road and the east line of

Alden Water District 4, Area 1 to the northerly line of Conrail; thence westerly along the northerly line of Conrail and the northerly line of Alden Water District 4, Area 1 to the northerly right of way line of Reinhardt Road; thence northwesterly along the northerly right of way line of Reinhardt Road and the northerly line of Alden Water District 4, Area 1 to the west line of Liber 6098, page 406; thence northerly along the west line of Liber 6098, page 406 and the easterly line of Alden Water District 4, Area 1 to the centerline of Genesee Street; thence southwesterly along the centerline of Genesee Street and the northerly line of Alden Water District 4, Area 1 to the west line of Liber 11006, page 3056; thence north along the west line of Liber 11006, page 3056 and the east line of Alden Water District 4, Area 1 to the north line of Liber 10991, page 8378; thence westerly along the north line of Liber 10991, page 8378 and the north line of Alden Water District 4, Area 1 to the west line of Liber 11006, page 3056; thence north along the west line of Liber 11006, page 3056 and the east line of Alden Water District 4, Area 1 to the northwest corner of Liber 11006, page 3056; thence easterly along the north lines of Liber 11006, page 3056, Liber 11137, page 9360 and a north line in Liber 10949, page 6337; thence north along the west lines of Liber 10949, page 6337 and Liber 10949, page 2299 to the northwest corner of Liber 10949, page 2299; thence east along the north line of Liber 10949, page 2299 to the northeast corner thereof; thence south along the east line of Liber 10949, page 2299 to the north line of Liber 10949, page 6337; thence east along the north line of Liber 10949, page 6337 to the west line of Liber 6557, page 196; thence north along the west line of Liber 6557, page 196 to the northwest corner thereof; thence east along the north line of Liber 6557, page 196 to the westerly right of way line of South Newstead Road; thence northerly along the west right of way line of South Newstead Road to the north line of the Town of Alden, being the south line of the Town of Newstead; thence easterly along the north line of the Town of Alden and the south line of the Town of Newstead to the centerline of Crittenden Road; thence continuing easterly along the north line of the Town of Alden and the south line of the Town of Newstead to the northerly extension of the east line of Liber 7533, page 49; thence southerly along the east lines of Liber 7533, page 49 and Liber 9546, page 625 to the north line of Liber 7039, page 514 thence east along the north line of Liber 7039, page 514 and the easterly extension of the north line of Liber 7039, page 514 through the lands of Penn Central Railroad to the west line of Liber 9263, page 296; thence south along the west line of Liber 9263, page 296 to the north line of Liber 10919, page 8306; thence east along the north line of Liber 10919, page 8306 to the west line of Liber 7687, page 312, thence south along the west line of Liber 7687, page 312 to the southwest corner thereof; thence northeasterly along the southerly line of Liber 7687, page 312 to the east line of the Town of Alden, being the west line of the Town of Darien; thence south along the east line of the Town of Alden and the west line of the Town of Darien to the point of beginning.

APPENDIX D.

SAMPLE ERIE COUNTY WATER AUTHORITY  
LEASE MANAGEMENT AGREEMENT

# LEASE MANAGEMENT AGREEMENT

THIS AGREEMENT is made this 18<sup>th</sup> day of August, 1997, by and between the ERIE COUNTY WATER AUTHORITY, a public benefit corporation, having its office and principal place of business at 350 Ellicott Square Building, 295 Main Street, Buffalo, New York, hereinafter referred to as the "Authority" and the TOWN BOARD FOR THE TOWN OF ALDEN, ERIE COUNTY, NEW YORK, having offices at 3311 Wende Road, Alden, New York 14004, acting as Water Commissioners for all Town Water Districts of the Town of Alden, a municipal corporation, also located in the County of Erie and State of New York, hereinafter referred to collectively as the "District" and deccribed in attached Exhibit "A".

## WITNESSETH:

WHEREAS, The Town has created a District as described in attached Exhibit "A" in accordance with the provisions of Town Law, Section No. 198, and is now the owner of facilities to be employed in the sale and distribution of water to consumers in said district; and

WHEREAS, The Erie County Water Authority was created to provide a safe and adequate supply of water to the residents of Erie County and has the capacity and expertise to operate and manage the District's facilities; and

WHEREAS, The parties find it mutually advantageous for the Authority to furnish a supply of water to the District and to operate and manage the District's facilities;

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein set forth, the parties agree as follows:

## I. BASIS OF THE AGREEMENT

1.1 For the term of this Agreement, the Authority will operate, maintain and repair all of the facilities of the District. The Authority will have the exclusive right to furnish, for sale, a supply of water to customers of the District.

1.2 The District agrees that it will not permit its facilities to be used for the sale of water by any other purveyor and will obtain its sole supply of water from the Authority so long as this Agreement remains in effect.

1.3 The facilities of the District shall remain the property of the District. Any indebtedness incurred by the District previously or hereafter shall be solely the obligation of the District.

## II. DEFINITIONS

2.1 The term "District" shall mean the Water District as described in attached Exhibit "A" of the Town of Alden and any extensions thereof now or hereafter established in accordance with the provisions of law.

2.2 The term "facilities of the District" shall mean the District's plant and property and shall include all of the operating plant and property of the District employed in the transmission and distribution of water and any replacements thereof, together with any additions, betterments and improvements that may hereafter be furnished or installed therein by the District at its own cost and expense while any term of this agreement remains in effect.

2.3 The term "additions, betterments and improvements" shall include: (1) any property, facility or capital item that is not now in existence whether installed or furnished by either party; (2) the replacement of an item of property where the replacement has a useful life of at least two years; (3) the refurbishing of storage tanks and standpipes.

2.4 The terms "operate", "maintain" and "repair" shall include the provisions of labor and materials necessary to fix any existing facilities of the District. These terms exclude, however, the furnishing and installing of any capital item costing more than \$200.00 and having a useful life of two (2) or more years. Furnishing or installing any such item shall be billed to the District based on actual installed cost. Replacements of one section of pipe less than a full length will be deemed "repairs"; those involving a full length or more will be deemed "improvements and betterments".

2.5 The term "actual installed cost" shall include the cost of materials, supplies, paving, labor, services or other items consumed or employed in the construction and installation of any replacement or addition, betterment, improvement plus the Authority's most recent audited overhead rate to cover the administrative costs of construction workers and the purchase and storing of materials and supplies.

2.6 The term "Tariff" means the Rules for the Sale of Water and the Collection of Rents and Charges duly adopted by the Erie County Water Authority and filed in the office of the Clerk of the County of Erie. This term shall also include any additions, revisions, changes or modifications to said Tariff that may be adopted by the Authority.

2.7 The term "customer" shall mean any person, including corporations or other entities residing in the District, receiving water through District facilities.

### III. CHARGES FOR THE SUPPLY OF WATER

3.1 On and after the effective date of this agreement, the Authority upon receipt of a written application will furnish a supply of water to those persons now being served by the District and to such residents and inhabitants thereof, who shall apply to the Authority for the service of water while any term of this agreement remains in effect. However, nothing herein contained shall obligate the Authority to make, provide or install any main extensions to or from the existing facilities of the District.

3.2 It is expressly understood and agreed that the furnishing of water and the performance of services by the Authority to the District and its customers shall be strictly in accordance with and governed in all respects by the Authority's Rules for the Sale of Water and the Collection of Rents and Charges as well as any amendments or changes thereof which may be duly promulgated and adopted.

3.3 By entering into this Agreement, the District adopts as water rates to be paid by the consumers in the District the rates and charges for water as set forth in the Authority's Tariff, and the District further adopts the rules and regulations for the operation of the District and the use of water therein as set forth in the Authority's Tariff including amendments. The District further agrees to make its employees and officers responsible for assisting the Authority in the implementing of such rules and regulations including, but not limited to, assisting in the prosecution of those who take water without payment.

3.4 The District further agrees that upon notification by the Authority that any customer of the District is in arrears in the payment of water charges for thirty (30) days or longer, the District will proceed to collect such unpaid charges together with the interest and penalties prescribed by the Authority's Tariff in the manner provided in Section 198, paragraph 3(d) of Town Law as well as any revisions and amendments thereto and, when so collected, will pay the said unpaid charges together with such interest and penalties as prescribed by the Authority's Rules.

3.5 The District further agrees to pay the Authority the charges for Public Fire Protection as set forth in the Authority's Tariff. Rate increases will not be levied in excess of cost. This rental applies to all existing hydrants within the District as of the date of this Agreement unless otherwise mutually excluded by the parties and to such hydrants as may be installed while this Agreement remains in effect.

#### **IV. DISTRICT'S DUTY TO PROVIDE FACILITIES**

4.1 It is mutually understood and agreed that it is the sole obligation of the District to furnish and install at its own cost and expense such facilities within the District as are required to provide an adequate supply of water at proper pressure for domestic, commercial, industrial and agricultural use as well as for public and private fire protection within the District.

4.2 The District may at its own cost and expense make additions, betterments and improvements to the operating plant and property of the District in order to provide an adequate supply of water for residents and inhabitants of the District including those

residents not now served with a public water supply, and for the purpose of providing adequate and proper fire protection in and for them.

4.3 The District will require that any additions, betterments and improvements will be designed and installed in accordance with the Authority's specifications. Construction inspection on such projects is the responsibility of the District, and said inspection shall meet the Authority's inspection standards. The Authority may also elect to inspect such construction and may require correction of work which does not conform with its standards.

4.4 Upon completion of construction of new facilities, the District will supply to the Authority as-built drawings for its operation of said facilities. The as-built drawings will contain a description and the dimensions of all pipes, valves, hydrants, and other appurtenances constructed in public areas of the water District. Drawings will be delivered within 90 days of the District's acceptance of the new facilities and will be in the form as specified in the Authority's standard construction details.

## **V. AUTHORITY'S DUTY TO OPERATE, MAINTAIN AND REPAIR THE FACILITIES OF THE DISTRICT**

5.1 Except as otherwise provided for in this Agreement, the Authority agrees to operate, maintain and repair all District facilities at its own expense. The Authority will also provide such additions, betterments and improvements as may be requested by District officials and will bill the District for the actual installed cost of all such additions, betterments and improvements.

5.2 Legal title to the replacements, additions, betterments and improvements

described shall remain the property of the Authority until reimbursement has been made by the District. The District agrees to reimburse the Authority in the amount billed on or before the close of the District's fiscal year in which such bill was rendered by the Authority.

If reimbursement is not made within said fiscal year, the District agrees to provide funds therefore in the District's budget for the following fiscal year and will reimburse the Authority for all unpaid bills of any previous fiscal year within ninety (90) days after the commencement of the District's next fiscal year.

5.3 Upon receipt of an application and deposit payment by a District customer, the Authority will install service connections to District mains, curb boxes, meters, meter couplings, and like devices, all in accordance with the Authority's Tariff and standards.

Curb boxes are to be located at a highway right-of-way line. The Authority should contact the Town Engineering Department for assistance in locating a right-of-way line, as necessary.

The meters mentioned in this section shall belong to the Authority and may be removed by the Authority at the termination of this Agreement.

5.4 Upon receipt of a certified copy of a resolution of the District's Board requesting the installation of additional hydrants and specifying the locations where the same are to be placed upon the mains of the District, the Authority will, at its initial cost and expense but subject to reimbursement by the District of the actual installed cost as herein provided, place and install the hydrant(s) and hydrant connection(s) in accordance with Authority standards.

5.5 The District understands that the Erie County Water Authority will accept only limited maintenance responsibility for mains strapped to bridges. The Authority's responsibility for maintenance to such mains will be limited to the amount of average repair costs for all mains of that size in the preceding year. Any costs incurred in repairing mains strapped to a bridge over and above such average costs will be the responsibility of the District.

The District recognizes that it is the Authority's intention at some later date to establish a Tariff rate for inspection of mains strapped to bridges and for maintenance of pressure relief valves and altitude valves. Any pressure relief valves, altitude relief valves, or mains strapped to bridges installed or owned by the District will be subject to such maintenance and inspection fees when and if established by the Tariff.

5.6 When requested by the District in writing, the Authority will also furnish and install connections to and interconnections between the mains owned by the parties at such locations and in such manner as the parties shall hereafter mutually agree upon. Any such connections and interconnections made by the Authority during the term of this Agreement shall be severed and disconnected at the Authority's own cost and expense in such manner as the Authority shall determine at the termination thereof.

It is further agreed by the parties that upon termination of this agreement, the District will reimburse the Authority for the actual cost paid or incurred by the Authority for unused materials and supplies obtained in conjunction with its performance of this agreement that cannot be utilized by the Authority in the maintenance and operation of its own water supply system. All materials so paid for by

the District shall become the property of the District, and upon receipt of payment the Authority shall deliver such materials and supplies to the District.

5.7 The parties hereto agree and each shall keep and maintain during the term of this agreement an inventory of each item of property furnished, installed and paid for. The inventory shall show the actual cost and the date of installation thereof, together with the necessary and appropriate maps, blueprints and engineering records covering such installation in accordance with the Procedures and Specifications of the Authority and any changes, amendments and revisions thereto.

The Authority during the term of this Agreement will make its books, records and accounts available upon reasonable notice and during normal business hours for examination by the District or its agent with respect to the actual installed costs of any property installed by the Authority and billed to the District.

## VI. SERVICE OUTSIDE THE DISTRICT

6.1 Only with written consent of the Authority may the District permit a person or corporation owning real property contiguous to the boundaries of the District to purchase water supplied by the facilities of the District. Such consent will not be unreasonably withheld.

6.2 It is further mutually understood and agreed that the Authority may at its own cost and expense make other additions, betterments and improvements within the territorial limits of the District when economically feasible in order to provide an adequate supply of water at proper pressure:

- a. to future extensions of the District and to Water Districts that may hereafter be established by the Town, and
- b. to other areas within which the Authority is authorized and empowered to serve water.

The Authority will consult with the District prior to undertaking additions, betterments and improvements outside the District.

The District further agrees that such improvements may be installed at such location or locations as the Authority may determine and that the same may be connected and interconnected with the facilities of the District to the extent and in such manner as the Authority shall determine. Legal title to the additions, betterments and improvements installed by the Authority pursuant to this paragraph shall be and shall remain in the Authority.

6.3 It is further mutually understood and agreed that the District will permit the Authority to use the facilities of the District without the imposition of any rentals or other charges therefore and to transport water to areas located outside and beyond the limits of the District.

It is further understood and agreed that such use of facilities of the District by the Authority to serve out-of-District customers will not reduce the supply of water to render it insufficient for the District or its inhabitants.

## **VII. RECOGNITION OF SYSTEM OBSOLESCENCE AND RESPONSIBILITY TO PLAN FOR REPLACEMENT**

7.1 The District recognizes that mains, valves, hydrants, tanks, pumping stations and other appurtenances of a water system have fixed use lives and that prudent

management requires planning for their regular replacement. While some elements of a water system may last as long as eighty (80) years, others require replacement after twenty (20) years or less. The District recognizes and commits itself to a reinvestment in its system which, when fixed over a period of sixty (60) years, will amount to no less than the full original cost of the system.

7.2 The District further recognizes that Chapter 323, Legislative Session of the State of New York, 1989, granted to the governing Board of the Water Improvement District the right to establish capital reserve funds for the construction, betterment or acquisition of a water system.

The District further recognizes that the net cost to the user over the life of a water system is substantially lower if capital reserves are accumulated and improvements are made on a pay-as-you go basis.

7.3 The District recognizes that pursuant to this Agreement, the Authority has assumed many of the responsibilities of the Town's Water Department. As a result, the Authority needs a procedure for making capital proposals to the Water District and the Town of Alden. It is, therefore, expressly agreed that the District will as a part of its regular capital budget process solicit from the Authority proposals at the same time and in the same manner that it does for its other departments and improvement districts. In conjunction with this arrangement, the District agrees that the Authority will be afforded an opportunity to appear at such administrative and legislative hearings as the Town and Water District Board normally conduct and will be afforded the opportunity to make presentations related to its capital proposals at such hearings and meetings.

## VIII. RECOGNITION OF OBLIGATIONS IN THE EVENT OF REGULATORY ACTION

8.1 The parties acknowledge that both the District and the Erie County Water Authority may be subject to regulatory actions by various county, state and federal agencies and, as a result of such regulatory action changes in operating procedures and capital improvements may be required.

The District specifically recognizes its obligation to provide promptly the funds to cover the costs of any capital improvements in its system necessitated by local, state or federal regulatory action. The Authority agrees to make at its initial cost and expense such capital investments to meet these regulatory requirements as the District or a responsible public official may request, subject to reimbursement by the District in its next fiscal year.

The Authority also recognizes its responsibility to make such operating changes as may be required by state, federal or county regulatory action.

8.2 From time to time the Authority will suggest to its municipal customers proposals for local laws and ordinances for the protection, enhancement and management of the Town's water system. The District agrees to review and enact such proposals as the Town deems in the Town's best interest.

## IX. EFFECTIVE DATE AND TERM

9.1 The term of this Agreement shall be for a period of ten (10) years from the date hereof and for successive ten-year periods thereafter unless a notice of intent to renegotiate or terminate said Agreement is given by one party to the other within one year prior to the expiration of one of the ten-year periods.

It is further agreed that the terms of this Agreement may be modified from time to time to such extent as the parties hereto may mutually agree upon in writing.

Upon failure of either party to renew this agreement, it is automatically extended from month to month until renewal as set forth above.

IN WITNESS WHEREOF, The respective parties hereto set their hands and seals the day and year first above written.
