NY trainings to help local municipalities plan for and manage clean energy projects in their communities.

**Thursdays at 12pm this March!**

This March, Erie County's Department of Environment and Planning will host a series of free educational trainings to help municipal staff, elected officials, volunteers, and community members prepare for clean energy projects. The series will cover a new topic each week, and will help your community prepare for NYS's clean energy transition.

**We encourage you to participate in all four sessions!**

This installment of the One Region Forward Learning Series was organized by Erie County.
